mending and sewing, DIY home remodeling, cooking,
and spending time with friends and family in Alaska’s
wilderness.

STATEMENT:
Alaska needs a robust economy that produces solid jobs,
well-equipped police and fire services, safe neighborhoods,
and great public schools. To achieve this, we must elect
representatives who are willing to bring the focus back to
these core issues and work to build a superb future for all
Alaskans.

As an architect, I’ve spent my career navigating a balance
between my clients’ needs and their budgets, coordinating
with multiple stakeholders who have differing priorities,
mitigating obstacles, and resolving conflicting issues. This
is how I will approach being a representative, I will set
aside party politics and work in a bi-partisan fashion to find
solutions that meet the needs of all Alaskans.

As your representative, I will listen to you. Going door to
door you have told me that these issues are top of mind for
you in District 10:

- Essential Services: ensure the state budget funds essential services fairly for all Alaskans.
- Education Funding: our schools have been flat funded for over a decade while operating costs have increased 400%. Education funding must be inflation-proofed and expanded to Pre-K to ensure that our children are ready to learn.
- Defend the PFD.
- Defend constitutional rights.
- Workforce Development: Investment to grow and keep good jobs in Alaska. Alaska-owned businesses and industries are struggling to attract and retain talent, causing delays and impeding development.

Together we can do better for Alaska. I am asking for your
vote in the upcoming election. Please email me with any
questions you may have: caroline@stormforstate.com
